

STERAMIST®
POWERED BY BINARY IONIZATION TECHNOLOGY®

A POWERFUL DISINFECTION SOLUTION FOR EMT AND AMBULATORY VEHICLES

Surfaces in emergency medical transport vehicles are no less important than those found in healthcare facilities and deserve the highest standard of disinfection. SteraMist® is a quick disinfection solution offering protection against the spread of bacteria.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free fog - SteraMist® products and iHP® Service can effectively disinfect transportation or facilities at any time.

Whether a routine or emergency disinfection, SteraMist® can be deployed at a moments notice. Let SteraMist® give you an advantage with a new standard of disinfection in emergency medical transport.

- The ultimate tool for elimination of bacteria & viruses such as **Staph, MRSA, Norovirus, H1N1, C. difficile pseudomonas, and salmonella.***
- Easily incorporated into current cleaning procedures.
- Reduces the risk of cross-contamination of infectious diseases between patients and staff.

STERAMIST® IS THE SOLUTION
