

STERAMIST
POWERED BY BINARY IONIZATION TECHNOLOGY®

SUPPORTING SENIORS AND REDUCING RISK WITH **STERAMIST**® DISINFECTION

Not only is regularly disinfecting surfaces within your senior living facility vital to ensuring the health and safety of senior residents, it can be economical — avoiding potential costs associated with outbreaks of various bacteria and viruses.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free fog - SteraMist® products and iHP® Service can effectively disinfect transportation or facilities at any time.

Whether a routine or emergency disinfection, SteraMist® can be deployed at a moments notice. Let SteraMist® give you an advantage with a new standard of disinfection in senior care facilities.

- The ultimate tool for elimination of bacteria & viruses such as **Staph, MRSA, Norovirus, H1N1, C. difficile, pseudomonas,** and **salmonella.***
- Easily incorporated into current cleaning procedures.
- Goes above, beyond, under and around disinfecting sprays and wipes.
