

STERAMIST®
POWERED BY BINARY IONIZATION TECHNOLOGY®

POWERFUL DISINFECTION FOR BOTH **PETS AND PEOPLE**

Disinfection is not only vital in healthcare facilities, but in veterinary environments as well. Regularly disinfecting surfaces can control outbreaks that can result in closures, financial strain, and danger to everyone from staff to animals.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free fog - SteraMist® products and iHP® Service can effectively disinfect transportation or facilities at any time.

Whether a routine or emergency disinfection, SteraMist® can be deployed at a moments notice. Let SteraMist® help create an environment where veterinarians are free to focus on what matters most.

- The ultimate tool for elimination of bacteria & viruses such as **Staph, MRSA, Norovirus, H1N1, C. difficile, pseudomonas, and salmonella.***
- An effective broad-spectrum surface disinfectant.
- Goes above, beyond, under and around disinfecting sprays and wipes.

STERAMIST® IS THE SOLUTION
